cannot be found at the same location where the product is downloaded. The API (Application Programming Interface) help is not available online as other Inventor manuals. The customization help is always installed along with Inventor. It can be accessed through the Help link in the top right corner of Inventor under "Help > Programming/API Help"

~~Inventor: Finding the Inventor Customization Manual — Autodesk~~

To define contacts, we must do two things. First, we must have the software

Acces PDF Autodesk Inventor 2015 Manual

automatically detect contacts that meet the default criteria found in the Stress Analysis Settings. Second, we must manually define additional contacts. Manual contacts, consisting of pairs of faces, are used for cases in which the initial default contact tolerance is too small.

~~Create Manual Contacts | Inventor | Autodesk Knowledge Network~~

Adds manual contact conditions to selected geometry elements. Access: Ribbon: Stress Analysis tab Contacts panel Manual

Alternatively, right-click the Contacts node
