Traditionally, faith and reason have each been considered to be sources of justification for religious belief. Because both can purportedly serve this same epistemic function, it has been a matter of much interest to philosophers and theologians how the two are related and thus how the rational agent should treat claims derived from either source.~~

Faith and reason are two orders of knowledge, linked and overlapping. Some truths are known only by revelation, others only by philosophical, scientific, or historical inquiry. Those known by revelation are often, however, fully understandable or their implications fully knowable only by rational inquiry.
