development has been dominated by three schools of research. The 1950s saw the

modernization school, the 1960s experienced the dependency school, the 1970s developed the new world-system

school, and the 1980s is a convergence of all three schools. Alvin Y.

So examines the dynamic nature of these

Modernization Theory

- ThoughtCo

Modernization, in sociology, the transformation from a traditional, rural, agrarian society to a secular, urban, industrial society. Modern society is industrial society. To modernize a society is, first of all, to industrialize it.

Historically, the rise of

Bookmark File

societies and seeks to explain the process of social evolution.

Modernization theory is subject to criticism originating among socialist and free-market ideologies, world-systems theorists, globalization theorists and dependency theorists among others.
